“ Packing up the dreams God planted
In the fertile soil of you
Can't believe the hopes He's granted
Means a chapter in your life is through

But we'll keep you close as always
It won't even seem you've gone
'Cause our hearts in big and small ways
Will keep the love that keeps us strong

And friends are friends forever
If the Lord's the Lord of them
And a friend will not say never
'Cause the welcome will not end

Though it's hard to let you go
In the Father's hands we know
That a lifetime's not too long
To live as friends

With the faith and love God's given
Springing from the hope we know
We will pray the joy you'll live in
Is the strength that now you show

But we'll keep you close as always
It won't even seem you've gone
'Cause our hearts in big and small ways
Will keep the love that keeps us strong

And friends are friends forever
If the Lord's the Lord of them
And a friend will not say never
'Cause the welcome will not end

Though it's hard to let you go
In the Father's hands we know
That a lifetime's not too long
To live as friends.....AMEN

“ Since it is the 16th day of the month I was reading Proverbs Chapter 16 this morning. Two verses in this Chapter really remind me of Tom Sutphen. The first is Proverbs 16:23 which says "A wise mans heart guides his mouth, his words promote instruction." You were never around Tom that he didn't always take a few moments

to share grave and prudent instruction of where we have come from and the extremely bright future of where are going.

The second verse is Proverbs 16:26 which says "The labor's appetite works for him, his hunger drives him on." Toms appetite for innovation not only in the Fire Truck Industry but all automotive and aeronautical industries always amazed me. We will truly miss him and we Honor his hunger in innovation. Thanks Tom

“ Dear Drew, Julie, and all of our many friends at Sutphen -

Over the years the Syracuse Fire Department developed a close working relationship with Sutphen . . . not just the company, but the people - starting with Tom himself. It was always a joy to work with him, his passion and vision for the fire service fit in

nicely with what our plans were for our department. It has been our pleasure to specify, order and utilize dozens of Sutphen apparatus over the years - and in fact the latest tower for the SFD is currently under construction in your shops. It is a testament to Tom, and to ALL of you at Sutphen, how much confidence and faith we have in your products. I miss my trips to Ohio, including always trying to get out with Tom at least once while we were there - but after a 40+ year career with the Syracuse Fire Department I retired in September of 2013. I still think fondly of the relationships we developed over the years, and I wanted to express my condolences to the Sutphen family at this time of loss. The entire fire apparatus community is the better for Tom's involvement and innovation. He was greatly loved and respected, and will be greatly missed. Even so, the company is in good hands for the future, based on the solid foundation Tom established. Individuals like Ken Creese and our local dealer, Phil Vander Molen, continue to lead the way. I wish you all many years of continued success, and rest assured there will be many a glass raised in Syracuse, New York to the memory of our friend, Tom Sutphen.

Sincerely,

David B. Reeves, Deputy Chief (retired)
