

The Buick Heritage Alliance Receives Two Major Donations

During the past six months the Buick Heritage Alliance has received a major literature donation and an automobile has been donated.

Former Buick Club of America President and current BCA Board Member Paul Meyer (photo right) contacted us in late spring advising that he had Buick literature in his warehouse that was just “taking up space”. The BHA made the shipping arrangements and three pallets of material arrived in early June.

Paul's generous donation consisted of some unique Buick material dating from the early 1980's through the late 1990's with a strong emphasis on Owner's Manuals and Service and Training materials. Duplicates of this material will be listed for sale on the Alliance Web Site in the near future.

In early September the Alliance was contacted by central Florida BCA member Richard Stout (photo right) who offered to donate a 1995 Buick Roadmaster station wagon. Richard told us that he wanted to support the work of the Alliance and we have gratefully accepted his donation.

The Alliance has received a number of individual historical Buick material donations, a large collection of Buick Bugles, and financial contributions. Historical reference materials are catalogued, scanned and then sent to the Alliance section at the AACA Library in Hershey, Pa. for research and safe keeping.

If you would like to make a donation to the Buick Heritage Alliance please contact us through the web site or e mail Jeff1952@JBrashares.com or 614-361-7299.
